Reference

The Secretary,  
Lords.

Sir,

With reference to your letter of the 8th inst. respecting the Steamer "Germanicus." I beg to inform you that I have examined the "Hub" boiler at Master's request. It was stated by the master that the vessel class was incorrect. I have pointed out to the master that I am in a receipt of your communication and that the whole of the Second Special Survey must be carried out. It is now requested that the boiler repairs should be examined and such recommendations being made to enable the vessel to proceed on her voyage; in the mean time the master is asking his opinion for further instructions.

I am, Sir,  
Your obedient servant,
