REC'D AUG 23 1918

PORTLAND, OREGON

ANS'D _____

August 23, 1918.

The Secretary,
New York, N.Y.

Ans of Arch 

Dear Sir:-

Referring to your letter of August 16th re Report #493,
on the steamer "WEST INDIAN", the second deck beams are spaced
54" apart, not 27", as shown on the report, and the treble
riveted butts are $3\frac{1}{2}$ diameters apart, $3\frac{1}{8}$ " center to center.

We regret that this error was made.

Yours very truly,

A. G. Howe
