

55, Fawcett Street,

Sunderland, 24th August 1908.

ANS: 1

LONDON.

With reference to the classing letter of the 21st instant regarding the bulkheads of the Steamer "LUTETIAN" I beg to state that 12 oil tight bulkheads extend to the Upper Deck for the full width of the vessel and 3 oil tight bulkheads extend to the main deck for the full width of the vessel and carried up to the upper deck in way of oil trunks.

I am, Sir,

Your obedient servant,

F. R. Notou.
