

Steel Screw Ketch "HONDO";

No. 60703 in the Register Book.

229 tons gross;

Built 1912-5 mo;

Owner: H.L. Taylor.

Classed: 100A1,
Steam Trawler, 8.14.
Examined, 1.20.

LMC.5.12.
BS.1.20.
TS.1.20.

The First Special Survey No.1 became due on this steam trawler in May, 1916.

The vessel was generally examined at Grimsby in January last when it was stated that the Special Survey No.2 which became due in May, 1920, would be carried out in June, and the Classing Committee accordingly assigned to the vessel a notation of "Examined 1.20", and deferred action in the meantime.

The Grimsby Surveyors now forward a letter received from the Owner in which he states that it is not intended to retain the vessel's class in the Society's Register Book.

The case received the consideration of the Classing Committee on Wednesday the 4th instant, when it was decided to give instructions for the vessel's class to be expunged from the Register Book with a red line, (8.20), indicating non-compliance with the Society's Rules.
