Lloyd's Surveyor,  
SYDNEY, N.S.W.

Dear Sir/-

We regret to inform you that we are forced to put all our steamers and vessels under survey to The Navigation Department here as the other states and New Zealand Laws will not accept Lloyd's certificate as being good enough. The S.S. INGA got stuck up last month in Auckland and was only permitted to leave on the understanding that she brought the New South Wales Navigation certificate with her on her returning to New Zealand.

Yours truly,

ROBT. S. LAMB & COY. LTD.
