

Hull Rpt No. 31853.

of MULL,

21st. May. 1920.

ARCHIBALD MCGLASHAN & JOHN ROBERTSON,

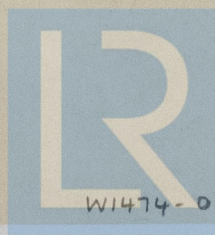

8

Mr. Forgan, representing the United States Shipping Board, Emergency Fleet Corporation, attend on board the S.S. "INGOLD" of Newark N.J. on May 20th. 1920 as she lay afloat in the Victoria Dock, Mull, in order to examine the Hull and Machinery with a view to granting a provisional Certificate of seaworthiness.

A general examination of the hull, machinery and boilers and equipment has been made and it is considered that the vessel is eligible to remain as classed, subject to indented plating on port bow being permanently repaired as first convenient opportunity.

Fee: -f5:5:-.
