31st January, 1906.

Gentlemen,

E. I have to inform you that the new S.S. "HYMETTUS" recently completed by Messrs. Palmer's S.B. & I. Co., Ltd., has left the Tyne for your port where the electric lighting installation will be completed.

The installation requires to be tried and the casing in of the wires in the tween decks examined, and I have therefore to request that you will be good enough to attend to this matter and forward your report as soon as possible.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

CARDIFF.
