Reference

The Secretary,
Sir

I beg to forward herewith the certificates of test of the anchors which Mess^{rs} Workman Clark & Co propose to supply to their s/s 234, Japan.

It will be seen that the weight of the 3rd bower is 1qr 25²³lb lighter than is required by Table 22 but the collective weight of the 3 bowers is 1-0-8 in excess and I shall be pleased to be informed if these anchors will be approved
I am Sir,

Your obedient servant
E. J. Mutton
