The Special Survey No.3 on this trawler became due in April, 1918.

Action has been deferred from time to time as the vessel was owned by the French Government.

A letter has now been received from the Paris Office, forwarding one from the new Owners, in which they state that they do not intend to carry out the overdue survey.

The case received the consideration of the Classing Committee on Tuesday, the 2nd instant, when it was decided to withdraw the vessel's class from the Society's Register Book, and insert three dots (...) in lieu, indicating withdrawal of class at Owners' request.
