

COPY.

PRIVATE
Enclosure

27th May, 1910.

Dear Mr. Heck,

I enclose herewith a letter received from Mr. Mackirdy, Calcutta, regarding the boilers of the steel dredger "KARNAFULI I", and which it is thought well to bring privately to the knowledge of yourself and Mr. Clarke, who when he was at Newport had experience of a somewhat similar case (that of the dredger "BRUCE", whose boilers were also made by Messrs. Simons, of Renfrew).

Kindly return the enclosed letter in due course.

Yours faithfully,

John H. Heck Esq.,

GLASGOW.
