The above vessels are owned by the Osaka Shosen Kabushiki Kaisha and are engaged entirely in coasting service. Special Surveys are due in each case as stated above.

A letter has now been received from the Society's Surveyors at Kobe, enclosing one from the Owners, intimating that it has been finally decided not to maintain the classification of these vessels,

The cases received the consideration of the Classing Committee on Friday the 14th instant, when it was decided to give instructions for the vessels' classes to be withdrawn and three dots (...) inserted in lieu in each case, indicating withdrawal of class at Owners' request.
