Dear Sir,

CUTTER SUCTION DREDGER "LA LOIRE".

With reference to our recent correspondence and to the call of our Major Jay upon you this morning on the extreme difficulty of complying with your directions at an earlier date, as explained to you we would crave your further indulgence in extending the period to the 1st proximo for the purpose of carrying out at Cette, in the south of France, that portion of No. 2. Special Survey that pertains to the vessel afloat, and the further extension of ~~of~~ period, date of which we shall hope to give you in the near future for the dry-docking portion of the Survey, which, it is anticipated will not exceed the period of two months.

We would explain that, in anticipation of the position we communicated about a week ago with the Charterers, MM. La Société Anonyme des Chantiers Généraux, requesting that necessary facilities should be given to your Surveyor upon his arrival, and whilst at the time of writing we are without their reply, we have little doubt that they will accede to the request.

We beg to remain,

Yours faithfully,

For TILBURY CONTRACTING & DREDGING Co. Ltd.
