-:-----:-

The Special Survey No. 2, due December, 1914, has not been held as the vessel was in the service of the Government during the War.

The Special Survey No. 3 was partly held in December last, but the Owners explained that they did not intend to retain her class.

There was a question of the vessel being sold, and action was for a time deferred, but the Owners now confirm their previous intimation, and the Classing Committee, who had the circumstances before them on Friday, 19th instant, decided to withdraw the vessel's class and to insert three dots (...) in lieu thereof, indicating withdrawal of class at Owners' request.
