General Observations, Opinion, and Recommendation:—

Clearly what alteration, if any, is suggested to be made in the existing classification of the vessel's machinery in the Register Book, consequent upon this survey, and also any alteration required to be made in the records of the vessel's machinery, boilers, working pressures, &c.; thus, for example, B.S. 9, 11, B.&M.S. 9, 11, *L.M.C. 9, 11, or *L.M.C. 140 lb., F.D., &c.)

Machinery of this vessel as far as now seen to be in good condition & suitable in my opinion to remain as classified without fresh record.
