Mr. Helyer recently arrived in this country from Odessa and was asked to give any information he could in regard to the vessels classed in this Society's Register Book now in the Black Sea.

In a list of vessels advised in his letter dated 18.9.18 he gives the following information about the LEDORYZ. This vessel was taken over by the Russian Government for use as a Tug at Scourtopie but returned to Odena early this year. Was not surveyed.

ment of Anchors or Chains reported, the particulars should be given
of this form. State also the dates and initials of any letters respecting this case.
