71, Fenchurch Street, E.C.

4th March, 1914.

Dear Sirs,

I have to acquaint you that in the case of the motor
barge "LEWIS CASTLE", the spare gear requires to be completed
as per report and an approved fire extinguishing apparatus
applied and examined. It is understood that these matters
will be attended to in London, and I have to request that you
will arrange to give the case the necessary attention.

With regard to the air vessels I have to acquaint
you that no hydraulic test should be made until further
particulars of them have been received from the Makers.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
LONDON.
