COPY FOR LONDON OFFICE.

Lloyd's Register of Shipping.

Port Cleveland Ohio.

17th November 1916.

This is to Certify that I have

Surveyed the Steel Screw Steamer "Begna" during construction at Ashtabula, Ohio, by the Great Lakes Engineering Works (their shipyard N^o 165")

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, ~~stating that the reports recommended by me have been completed to my satisfaction, and that I have~~ Recommended that she be classed T.100A.1.

being fit to carry dry and perishable cargo.

NOTE:-
The above steamer was named "Glenchwood" while under construction.

E van Edwards.

Surveyor to Lloyd's Register.

To award F.E. Reports

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :-
"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of omission, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
