Dear Sirs,

Your Yard No.585.

E.

I duly received your letter of the 13th instant, forwarding plans, in triplicate, of piping arrangement proposed for the above vessel, and have to acquaint you that these plans will be approved provided the arrangements be as shown and amended thereon, and the remaining requirements of Sections 20 and 34 of this Society's Rules (1938-9) be complied with so far as they are applicable.

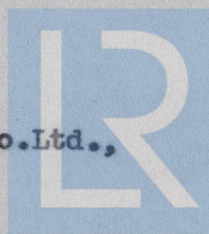

It is concluded that the main engines are fitted with two lubricating oil pumps, one of which may be used as stand-by for the other, but I shall be obliged if you will kindly confirm this point.

One set of the plans is returned herewith.

I am, Dear Sirs,

Yours faithfully,
