

Shipbuilders: Messrs.

Yard No.

Engineers: Messrs. Rowledge Iron Works Co

REFERENCE
Engine No. S. 585.

It is submitted that the plan of oil fuel tank merits approval provided a stiffener be fitted as ~~shown~~ merit approval for on the plan and the tank be constructed under the usual provided conditions of survey and testing.

The firm should be informed in answer to their enquiry, that the Society's Rules do not contain detailed requirements relating to lubricating oil and circulating water tanks but these tanks should be to the Surveyor's satisfaction. ~~The tanks~~ The scantlings of these tanks have now been examined and are satisfactory.

~~These tanks~~ Surveyor with copy of plan

Return 1. plan.

Retain 1. copy.
