Orchard Chambers, Church Street,

Sheffield, I, 21st June, 1939

Reference

M

Dear Sir,

With reference to your letters of the 18th April and the 12th June, we have now received from Messrs. Hyland Ltd., plan No.4727 showing the details of the tiller and tiller crosshead proposed in connexion with the Rowhedge Ironworks Contract No.S.585.

The plan, in triplicate, is enclosed herewith and since Messrs. Hyland are not actually placing the order for the forgings pending our approval of the drawing, they state that they would be very much obliged if we would be kind enough to deal with the matter as soon as possible.

We are, Dear Sir,

Yours faithfully,

for the Surveyors,

H. K. Kimber.

The Secretary,

LONDON.
