ENCLOSURE

18th May, 1923.

Dear Sirs,

I enclose herewith for your information a copy of a letter dated 12th instant received from the Society's Surveyors at Leith regarding the condition of the wood drifter "RENNYHILL" ex "DYKER LASSIE" ex "FOGBANK" built under special survey at Barton on Humber in 1920, and with regard thereto I have to say that in view of the experience of Mr. Richardson in wood ship construction it is desired that he will place himself in communication with the Leith Surveyors with a view to joining them in a survey of the vessel at Anstruther and furnishing a report in detail on her condition.

I have therefore to request that you will be good enough to make arrangements accordingly.

I should add that the First Entry report on the vessel together with full instructions is being transmitted to the Leith Office by today's post.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
ABERDEEN.

Assistant to the Secretary.
