*Dear Sirs,*

*your letter to hand regarding "Maggie Gault". Our Tail end shaft was drawn in the month of April last, by Abernethy & Co. & surveyed by our Insurance Surveyor.*

*We intend to draw our tail end again about the end of April 1913. & we will let you know, the exact date latter on if you want to survey her. We would also like to know if it would cost anything to keep the boat under Lloyd's.*

*Yours truly,  
 James Gault*
