Survey 1<sup>st</sup> Entry

It is submitted the Glasgow Surveyors be informed that this vessel has proceeded to their port where it is stated that her machinery is to be fitted. They should therefore be ~~informed~~ requested to give the case the necessary attention, and on completion of the work to forward a report on form 8 in the usual manner.

The Dublin Surveyor should be requested to state whether there is a warp on board as required by the Rules, & also informed that greater care should be taken in copying his reports, as great inconvenience has been caused owing to the indistinctness of the report ~~of~~ the present vessel.
