

28th July 1913

Surreys Glasgow

Dear Sir

I beg to confirm a
sent you today as follows
two Steel Steamer 160 feet long left here
today for Glasgow for Machinery Completion
"Corran full Classification" Macmillan
I add that this vessel was built here
under special Survey by the Dublin Dockyard Co.
for the Canadian Government (Owners).
Stem shaft, & ^{Propeller} Thrust are in place &
Sea Cocks fitted. The Electric light fitting
commenced only - also a Refrigerating plant.
I add you require the Pumping plan kindly
me know. I may also add that a Sister
for the same Owners & to be similarly
fitted, is well advanced. The builders number
80 & 81 - & this vessel is named "Malaspina"
Yours Faithfully - Macmillan
