

COPY.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Enclosures.

25th November, 1927.

Dear Sirs,

H. I am in receipt of Mr. Heron's letter of the 19th ultimo relative to the steamer "MACQUARIE", and note that this vessel may possibly be submitted to inspection for reclassification.

In the circumstances I enclose herewith, as desired, copies of the original midship section and profile plans, but I have to inform you that in view of the age of the vessel and the fact that she has not been inspected by the Society's Surveyors since she was built, special care should be taken in carrying out the Special Survey No.3 for reclassification should such be requested by the new Owner.

I may add that particulars of the equipment are stated on the plan of midship section.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
