

April 16th 1903

Jos Barclay Esqre

Swansea

Dear Sir,

Your favour of 15th inst to-hand but you are in error when you say that you did not detain the steamer "Otto"

At first sight you condemned the shaft and it took me three days wiring to get you to pass it for six months.

When I get back to my office in Gothenburg I shall look up all the telegrams and dates.

Yours truly.
