21st September, 1917.

Dear Sir,

With reference to the case of the steamer "MANIPUR" referred to in your memorandum of the 14th instant, as being still in the service of the Government, I have to acquaint you that the circumstances were considered by the Committee at their Meeting to-day, and having regard to the fact that the survey of the boilers and screwshaft has now been standing over so very long, the Committee consider that it would be well for the Owners to approach the Admiralty, calling their attention to the overdue surveys also to the fact that the Special Survey No.2 due in January, 1914, still requires to be completed as regards certain details of repair.

I shall therefore be glad if you will take the matter up further with the Owners, and let me know the result in due course.

I am, Dear Sir,

Yours faithfully,

R. Williamson, Esq.,  
LIVERPOOL.
