

S.S.No.374,building by Messrs.Harland & Wolff,Ltd.

Equipment No.61386,letter "ct",new Table 22.

---

The Belfast Surveyors report that a stream anchor weighing 21 cwts., 3 qrs., 2 lbs.,has been supplied to this vessel.

The weight of the stream anchor required by Table 22 is 22 cwts., 0 qrs., 0 lbs.

It will be observed that the anchor supplied is 26 lbs., less in weight than required.

It is submitted,in view of the slight deficiency in weight, the anchor supplied might be approved for the figure 1.
