Built at Falmouth in 1913, 11 mo. Port of Registry, Rio de Janeiro.

Owners, Wilson Sons & Co., Ltd.,

Classed * 100 A 1

* LMC 10,13

For towing purposes
11,13

The First Biennial Survey of this vessel's screw shaft became due in November last.

The Owners now state, in reply to enquiry, that as this Tug is permanently employed in their Coaling business at Rio de Janeiro, and is registered under the Brazilian flag, they do not desire to comply with the requirements of Lloyd's Register.

In the circumstances, the Classing Committee - who had the case before them on Friday last, the 11th instant - decided to withdraw the vessel's class from the Register Book, and to insert three dots (. . .) in lieu thereof, indicating withdrawal of class at Owners' request.

17th February, 1916.
