10th October, 1922.

Dear Sirs,

With reference to the case of the S.S.
"TUNISIANA", now lying up at Falmouth, I have to acquaint
you that to complete the survey of the electric lighting
installation the latter requires to be examined under full
working conditions.

I shall be glad if you will give the matter
your attention in due course.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,

PLYMOUTH.
