

PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs. *BURNTISLANDS B. CO. LTD*

Yard No. *238*.

Engineers: Messrs. *D. ROWAN & CO. LTD*

Engine No. *1048*

Owners: Messrs.

It is submitted that the plans of *PIPING*

~~Pumping~~ Arrangements *IN THE MACHINERY SPACE*

merit approval, provided the arrangements be as

shown and amended on the plans *\*<sub>A</sub>* and the remaining

requirements of Sections 20 and 34 of the Rules (19*39*-40)

be complied with so far as they are applicable.

*\* { the steam & feed pipes be made under the usual conditions  
of survey & testing,*

*It is noted that the plans indicate one centre suction to the  
after end of N°4 d. b. tank, which is divided on the centre  
line, but it is concluded that arrangements will be made  
in the tunnel for port & starboard suction.*

*The Surveyors should be informed it appears that, with  
the proposed arrangement of auxiliary steam pipes,  
superheated steam can be supplied to all auxiliaries &  
accordingly, copper pipes should not be used for  
auxiliary steam & all fittings subjected to superheated  
steam should be made of Cast Steel or other approved  
material as required by Sections 13 & 22 of the Rules  
for Engines & Boilers.*

Return *9* plans *S*
