Dear Sir,

The Burntisland S.B. Co. Ltd.'s Yard No. 238
Pumping Plan.

We beg to enclose prints, in triplicate, of the
Pumping Plan for the above vessel.

As the vessel is to be arranged for coal or oil
burning it may be necessary in certain circumstances to
carry a limited amount of water ballast in No. 3 hold at
the sides of the tunnel, and there have been indicated on
the plan suitable arrangements for flooding and emptying
this part of the vessel.

The Builders desire approval at your earliest
convenience.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS.
