19th August, 1909.

Sir,

With reference to your letter of the 12th instant returning your first entry reports Nos. 611 and 612 on the "NO. 1 WATER BARGE" and "NO. 2 WATER BARGE", I have to inform you that the reports and approved plans do not agree in some respects in regard to the thickness of the framing and plating, and your reports are again returned herewith for amendment.

The approved plans of the vessels are also enclosed and should be returned with your reports.

For your information and guidance I send herewith a specimen copy of a first entry report showing the same filled in in the manner required for these water boats if they are built in accordance with the approved plans.

I am, Sir,

Your obedient Servant,

A

Secretary.

G. Payne, Esq.,

LISBON.
