Secretary,  
Lloyds Register of Shipping,  
71, Fenchurch Street, E.C.3.

r Sir,

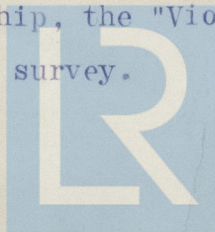

"Molliette".

We have your account dated the 20th February,  
and are surprised that the fees and expenses amount to  
04. 16. 0., for this little vessel.

So far as we are concerned, Concrete Vessels  
have been a great disappointment, both with regard to time  
of construction and the cost of building. The "Molliette"  
has already proved a heavy financial loss.

If the cost of classification is to exceed £100.,  
it will be an added burden, and we hope you will be able to  
reconsider same.

Your Surveyors went down very frequently in the  
case of this vessel, but is it necessary to go down so often  
in the case of the sister ship, the "Violette", which is  
also being build under your survey.

We hope you will not consider this necessary, and  
consequence, the fees and heavy expenses will be reduced.

Yours faithfully,

JAMES POLLOCK SONS & CO. LIMITED.
