have surveyed during construction the Hull, Engines, Boilers and Auxiliary Machinery of H.M.S. "PETUNIA", built by Messrs Workman Clark & Coy., Ltd., of Belfast, and that the Hull Machinery, Electric Light and other equipment, have been constructed in accordance with the requirements of Lloyd's Register of Shipping, and all materials and workmanship are good, and that subject to the cables and anchors (which were supplied by the Admiralty) being accepted by the Admiralty as satisfactory, the undersigned will recommend that the vessel be classed with Lloyd's Register of Shipping, as follows:- *AL "For Government Service" and *LMC

The whole of the work covered by the specifications and drawings, except where otherwise approved as well as the alterations and additions subsequently approved by the Admiralty, have been carried out and completed to the satisfaction of the undersigned.

The whole of the watertight bulkheads and decks have

been carefully examined after completion of the vessel and all holes were properly plugged, all through bolts and screws were properly secured to prevent extraction, and all through glands were properly packed before she proceeded to sea.

The Admiralty Officers are responsible that the stipulations of the contract have been complied with so far as regards the horse power, loading and stability, as well as for the inventory of stores, furnishings and sundry gear enumerated in the specifications.
