RECORDED 24 MAY 1906
ANSR

Reference
S.

The Secretary,

London,

Sir,

In reply to your letter of the 21st instant, respecting the case of the new tug "Pioneer", built by Messrs P. Mc. Gregor & Co., for the Pioneer Towing & Lighter Company, of this port, we have respectfully to inform you that we have repeatedly seen the Owners respecting the replacing of the rudder stopper, as advised us by the Society's Surveyors at Glasgow, and the Owners are anxious to avail themselves of the first favourable opportunity for us to see it, as they state the stopper has been fitted, and have been expecting almost every day to advise us when and where the vessel would be in a position for us to make the necessary examination, but unfortunately they have not been able to do so up to the present.

We will take the first opportunity afforded us to see the vessel and report further on the case.

We are,

Sir,

Your obedient Servants,
for the Surveyors,

W. Rowell
