Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

10th September, 1912.

Gentlemen,

I have to acquaint you that from First Entry
ports received from the Society's Surveyors at Hull, it
appears that the Hopper Barges "NO.63" & "NO.64" built by
Messrs. Earle's Shipbuilding & Engineering Co. (Yard Nos.587/8)
are proceeding to your port.

In order to complete the survey 75 fathoms of
towline and 90 fathoms of 6" hawser require to be
furnished, and I shall be glad if you will give the case
necessary attention, and forward a report on form 8 in
usual manner for the information of the Committee with
reference to the classification of the vessel.

I am, Gentlemen,

Your obedient servant,

Surveyors,

SOUTHAMPTON.

Secretary.
