Survey due Screw shaft survey due June, 1913.

In July last the Grimsby Surveyors stated that the Owners proposed to submit the screw shaft for inspection at the next dry docking of the vessel in six months from that time, and the Committee agreed to this arrangement.

In reply to enquiry, the Grimsby Surveyors now write that the Owners state they cannot say whether they intend to retain the vessel's class until she fits out in the coming Summer.

The surveyors add that the steamer is not laid up.
