1st November, 1904.

Sir,

With reference to the case of the steamer "OPLAND", your first entry report No. 457, I am directed to remind you that I have as yet received no reply to my letter of the 28th September last, wherein you were requested to state whether any definite steps have been taken with a view to rendering the vessel eligible for classification in the Society's Register Book by fitting watertight doors to the openings cut in the watertight boiler room bulkhead, as described in my letter to you of the 20th January last.

I shall be glad to receive a prompt reply from you on this matter.

I am, Sir,

Your obedient servant,

Secretary.

O.C. Sanne Esq.,
