

is submitted the Fevigs Iernskibsbyggeri be informed
 at the certificate of classification on the S.S. "Ofland" has been
 withheld on account of statements made by the Society's
 Christiania Surveyor in his survey report on the vessel and
 no report on the opening made in the fore bulkhead of boiler
 space has been received from any other surveyor

Nothing is known in this office of any similar openings in the
 bulkheads of vessels built either in England or elsewhere
 nor would such openings be approved unless fitted with watertight
 doors that could be opened and closed ~~at~~ the upper deck, as is
 required in this instance.

Copy of letter to be sent to the Christiania Surveyor
