Sir,

I am in receipt of your letter of the 3rd inst. on the  
er "Opland". With reference to the opening cut in the boiler  
head of this vessel, I had a conference about a month ago, with  
ers on this point, and they stated, that they would communicate  
Owners concerning this case and find out what arrangements they  
e for having the openings closed up or controlled from the  
k. Some days ago, I communicated with the Director of the Fevigs  
oyggeri Mr. Hansen on this point, and I was informed, that he  
cept of a letter from the Owners in which they stated, that  
ssel now was classed in the Norske Veritas, they had not yet  
eir mind as what to do with the matter.

As soon as I can find out what the Owners intend doing,  
ecept you know.

I am, Sir,

Your obedient servant,

*W. H. M.*
