

Received by Chief Ship Surveyor 3-9-03

Received from Chief Ship Surveyor \_\_\_\_\_

VESSEL'S NAME Lat. S.S. 'Opland'

Report Lia No. 457

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/02.)

Nature of Survey \_\_\_\_\_

First entry

It is submitted that before this case receives the consideration of the Committee the Christiania Surveyor should be reminded of the letter addressed to him on the 22nd July last with reference to the openings cut in the boiler room bulkhead of this vessel, when he was requested to arrange with the Owners for watertight doors, controlled from the upper deck, to be fitted to the openings, or for the openings to be riveted up. He should be requested to state what steps have been taken in the matter, and be informed that the classification of the vessel is being delayed on this account.
