25th November, 1904.

Dear Sir,

I am in receipt of your letter of the 22nd instant enclosing an undertaking that you will fit water-tight doors to the openings in the boiler room bulkhead of your Steamer "OPLAND" at the earliest opportunity, and in view of this I have the pleasure to say that the Committee have classed the vessel 100A1 spar deck with freeboard with notations of WLMC 7.03 and Lloyd's A & CP subject to this being done.

I may add that the classification certificates have been forwarded to the Society's Surveyor at Christiania.

I am, Dear Sir,

Yours faithfully,

Secretary to the  
Classification Committee.

H. Fredriksen Esq.,

SANDEFJORD.
