Foreign Shipping.

LLOYDS REGISTER
LONDON.

19, Kongens Gade

REGR 6 JUL 1903
ANBR

Christiania 1st July 1903

I have to day forwarded by commercial
post the first entry report on the
Cand No 43 at Ferig Jernskibbyggeri
photoprints of the approved plans, there
been used during my inspection of the
so they are both torn and soiled, but
I got at my last visit at Ferig for
purpose of forwarding to London and
distinct that I find the old ones better.
I have recommended the figure 1 for equip-
ment with the understanding that this
be put right at Middlesbrough
when the vessel has been tarbed
and receive her machinery.

I am not quite certain if the collective
weight of the three ~~lower~~ anchors are in
as it is $5\frac{1}{4}$ cwt less than approved,
the only difference between ordinary
stockless anchors in this case, according
to the report is 8 cwt.

The report has not been sent earlier because
I have been waiting for the fees, but since

WISS3-0228 1/2

have not yet been received, I will
it any longer, and shall let you
soon as it is at hand.

I am Sir

Your obedient servant

W. M. M.

Secretary
London
