

WOKINGHAM COPY.

20th November, 1940.

Dear Sir,

H. I am in receipt of your letter of the 2nd ultimo relative to the steamer "CHANTALA" and your remarks have been duly noted.

I may say that the Owners recently intimated that this vessel is operating under charter T.98 and in such cases the Society's Surveyors should not undertake any survey work except upon the instructions of the Government Authorities. In the meantime the Committee have agreed to maintain the Society's classification until such time as the vessels return to their ordinary employment.

I shall be glad if you will be guided accordingly in any other similar cases.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

H.P. Southwell Esq.,

BOMBAY.
