reference

S. Dear Sir,

With reference to London letter dated 1st instant respecting Glasgow Report No. 57355 on the Steamer "CERAMIC", I have to confirm that the steam space stays in the boilers are as shown on the plan, and also that the thickness of the wing combustion chamber bottoms is $1\frac{13}{16}$ "^{13/}, the centre combustion chamber bottom being $1\frac{1}{32}$ "^{1/}.

I regret the unavoidable delay in replying to the letter.

I am, Dear Sir,

Yours faithfully,

The Secretary,

GLASGOW.
