ENCLOSURES.

13th June, 1936.

Dear Sir,

E.

I duly received your letter of the 8th instant, with enclosures, respecting the s.s. "CERAMIC", and with regard thereto, have to acquaint you that the plans of secondary feed water heater, proposed by Messrs. G. & J. Weir Ltd., will be approved for working pressures of 86 lb. per sq. inch on the steam side and 215 lb. per sq. inch on the water side, provided the steel castings be made at an approved works and tested as required by the Rules and the heater be constructed under the usual conditions of survey and testing.

The plans in question are returned herewith.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,

GLASGOW.
