

S.S. "Aguispond"

as the last date of Survey was the 25th of March
this vessel is only entitled to the Record
of + LMC. 3.21.

It is Submitted the New York Surveyors be informed
that it is concluded the donkey boiler fitted on
board this vessel has been made in accordance
with the plan approved for a working pressure
of 125 lbs per square inch & that the certificates
have been prepared accordingly.

As the report on the donkey boiler does not
appear to have been received in this office,
report should be forwarded immediately to be
attached to the 1st Entry & the certificate
should be amended if the donkey boiler
pressure is incorrectly stated thereon.
