The Survey of this vessel's Screw Shaft became due in August 1911.

The Society's Surveyors at Newcastle-on-Tyne have been informed by the Owners that they have no intention of having the Screw Shaft examined and that it is their wish for the vessel's class to be withdrawn.

The case received the consideration of the Classing Committee on the 24th ultimo, when it was decided to withdraw the vessel's class from the Register Book, and to insert three dots (...) in lieu thereof, indicating withdrawal of class at Owners' request.
