The Newcastle Surveyors recently reported that they had examined this vessel in drydock, but they were informed by the Owners that they did not wish to continue the classification of the vessel in the Society's Register, and this was subsequently confirmed by the Owners.

The case received the consideration of the Classing Committee on the 2nd instant, when it was decided to withdraw the vessel's class from the Register Book, and to insert three dots (...) in lieu thereof, indicating withdrawal of class at Owners' request.
